► New and Important Information

- Elk hunting in many HDs or portions of HDs in Regions 1, 2, 3 and 6 now offer “antlerless elk permits” instead of, or in addition to, elk B licenses. If you seek to harvest an antlerless elk using an antlerless permit in those hunting districts, you must apply for an antlerless elk permit by March 15. If you receive an antlerless elk permit it could change the nature of your General Elk License for that hunting district. The deadline to apply for elk B licenses is June 1.
- Individuals certified as an apprentice are not eligible to apply for permits or licenses with a limited quota.
- A Conservation License and Base Hunting License are required as a prerequisite to obtain a hunting license.
- You must hold a General Deer or General Elk License in order to apply for a deer or elk permit.

Apply online! It's quick & easy.
Just go to **fwp.mt.gov**

2019 DEER & ELK SEASON DATES

Archery (bow and arrow license required).....	Sept. 7 – Oct. 20
Youth (deer only, 2-day hunt)	Oct. 17 – Oct. 18
General	Oct. 26 – Dec. 1

Backcountry (HD's 150, 151, 280, 316*)

Archery.....	Sept. 7 – Sept. 14
General	Sept. 15 – Dec. 1

**No archery season in HD 316*

This application package is for Deer and Elk permits. Apply using the following steps:

1. Determine if you need a deer or elk permit in your hunting area. A permit and a general license are required to hunt mule deer bucks and bull or antlerless elk in certain hunting districts.

Review the maps for elk and deer. If the hunting district where you wish to hunt indicates a permit is required, you must apply by March 15.

Refer to fwp.mt.gov/hunting/regulations for the legal descriptions after February 13.

2. Pick the correct five-digit permit code. Know the hunting district.

Some hunting districts have more than one option for a permit—one for archery only or general season only, and one for archery and the general season. Some permits are also valid for more than one hunting district. Check the hunting district before you choose. Learn about the hunting district you wish to hunt before applying for the permit.

Visit: fwp.mt.gov/hunting for hunting district details. **Note:** Any paper application without a valid five-digit permit code (included in this packet) will not be entered into the drawing. Some hunting districts or permit numbers have changed from past years.

3. Check your odds of drawing a permit.

The general drawing statistics for elk and deer permits are located on pages 5 and 8.

4. Are you using bonus points?

If you wish to participate in the Bonus Points system, make sure that you check “YES” on the Bonus Point questions and include the \$2 Montana resident fee per species permit type.

5. Are you applying as a party?

Note: In Montana, a “party” simply means that a group of hunters are applying together for the chance to obtain a hunting license or permit. If successful, each hunter must harvest their own game. It is unlawful to loan or transfer a license to another or to use a license issued to another person.

All party members must apply in the same manner, either online using the same party number issued to the party establisher OR all on paper submitted in the same envelope.

For paper applications: Make sure:

- (1) Each party member must complete their own application;
- (2) Each party member must apply for the same hunting districts, in the same order and all party members must choose to either participate or not participate in the bonus point system;
- (3) All paper party applications must be submitted in the same envelope. If one party member makes an error, that application will be eliminated from the party and the remaining will be processed.

For online applications:

The party establisher must list all party members and provide the party number to all members. Each member must apply online as a member of that party using the number assigned to the establisher. All party members must apply in the same manner; either online using the same party number, **OR** all on paper submitted in the same envelope.

6. Complete your application, but only after you’ve purchased your prerequisite Conservation License and Base Hunting License (and a 2019 General, Elk or Deer License). **THE AUTOMATED LICENSE SYSTEM WILL VERIFY THIS PURCHASE.**

For paper applications:

- Fill in your date of birth, ALS # and all mandatory information.
- Fill in the correct digits for each permit (failure to have the correct five digits is considered an incomplete application and will be removed from the drawing).
- Double-check your math.
- U.S. Postal Service postmark no later than March 15.

For online applications:

- Go to fwp.mt.gov, and select “Buy a License” in the top right corner of the home page.

License and Permit Types

- **Conservation License — \$8:** A current Conservation License, purchased each license year, is required as a prerequisite to purchase any fishing, trapping or hunting license(s), or to apply for licenses/permits.

In compliance with the Federal Welfare Reform Laws, Montana law requires each resident and nonresident hunter, including youth, to provide the last four digits of his/her Social Security number when purchasing a Conservation License or obtaining a Conservation License through a drawing.
- **Base Hunting License — \$10:** This includes the Hunting Access Enhancement Fee and is required as a prerequisite to purchase or apply for any hunting licenses or permits.
- **Bow and Arrow License — \$10:** In addition to a current year hunting license, a Bow and Arrow License is required to hunt during the archery only season, or an archery only hunting district.
- **General Deer License:** Hunters may hold only one general deer license annually which is valid for all general hunting districts as posted in the regulations.
- **General Elk License:** Hunters may hold only one general elk license annually which is valid for all general hunting districts as posted in the regulations.

- **Permit (Deer or Elk):** The permit must be used in conjunction with a General Elk or Deer hunting license. A permit is not a second license and does not allow the holder to harvest an additional animal. Rather, it expands the opportunity to hunt for a species (or sex of a species) in a particular hunting district allowing the hunter to harvest a mule deer buck, bull or antlerless elk. A general elk license is a prerequisite to apply for an elk permit. A general deer license is a prerequisite to apply for a deer permit.
- **B License (Deer or Elk):** The B License is generally for an antlerless deer or elk that is valid during a specific time period and in a particular hunting district or group of districts. A Conservation License and a Base Hunting License are required prerequisites. Most B license applications will be available in mid March with a deadline of June 1 while others are offered over the counter beginning August 12.

Hunter Education & Youth Hunts

- **Hunter Education Requirement:** A resident born after January 1, 1985 must list his or her Montana Hunter Education letter & number OR submit with this application a copy of the certificate verifying that he/she has completed a course in hunter education from any other state or province.
- **Youth Hunter Requirements:** Youth who have completed Hunter Education, and will turn 12 years of age by Jan. 16, 2020, may:
 - ▶ Purchase or apply for licenses.
 - ▶ Hunt after August 15, 2019.
- **Apprentice Hunter:** This opportunity allows an individual 10 years old or older to obtain a certificate and purchase some general licenses to hunt without completion of hunter education for two years. The apprentice hunter must be accompanied by a mentor at least 21 years of age and follow the apprentice hunter rules. Apprentice hunters cannot apply for limited permit or license drawings. For more information go to: fwp.mt.gov/apprenticeHunter.
- **Bowhunter Education Requirements:** To purchase a Montana Bow and Arrow License, a hunter must provide a certificate of completing the National Bowhunter Education Foundation course, or provide any prior year's bowhunting/archery stamp, tag, permit, or license from any state or province.

Landowner Preference

The back of the application lists the qualifications for landowner preference and should be completed by individuals who wish to have landowner preference applied to their deer or elk permits. **Landowner preference applications must be submitted on paper applications only. They must be mailed to the address on the application.**

Bonus Point System

Bonus points can increase your chances to draw a Buck Mule Deer, Bull Elk, or Antlerless Elk Permit.

- Bonus points offer you additional drawing chances.
- Base bonus points are points that are awarded to those who are unsuccessful in drawing their permit and participated in the bonus point system.
- Existing base bonus points will be mathematically "squared" prior to the drawing. That means if you already have three "base" bonus points those will be "squared" and you'll then have nine bonus points going into the 2019 drawing plus one for your application for a total of ten.
- If you are unsuccessful drawing your first choice, you will be awarded an additional base bonus point for future year's drawing.
- If you wish to participate in the Bonus Point System for deer/elk permits, make sure to check "YES" on the bonus point questions and include the \$2 bonus point fee for each permit type. If the box is not marked, your money will be refunded and your application will be entered into the drawing as "NO" for bonus points.
- All "base" bonus points will accumulate over time until you are successful in drawing your first-choice permit.
- The base bonus points for a party are the average of their individual base bonus points rounded to the nearest whole number. Example: if a party of 3 people has a total of 8 points, you would divide 8 by 3 = 2.67 which would round up to 3.
- A person can purchase 1 bonus point per year; either at the time of application or between 07/01 and 09/30 in the current year. If you choose not to purchase a bonus point at the time of application, you cannot purchase one from July-September for that permit type.

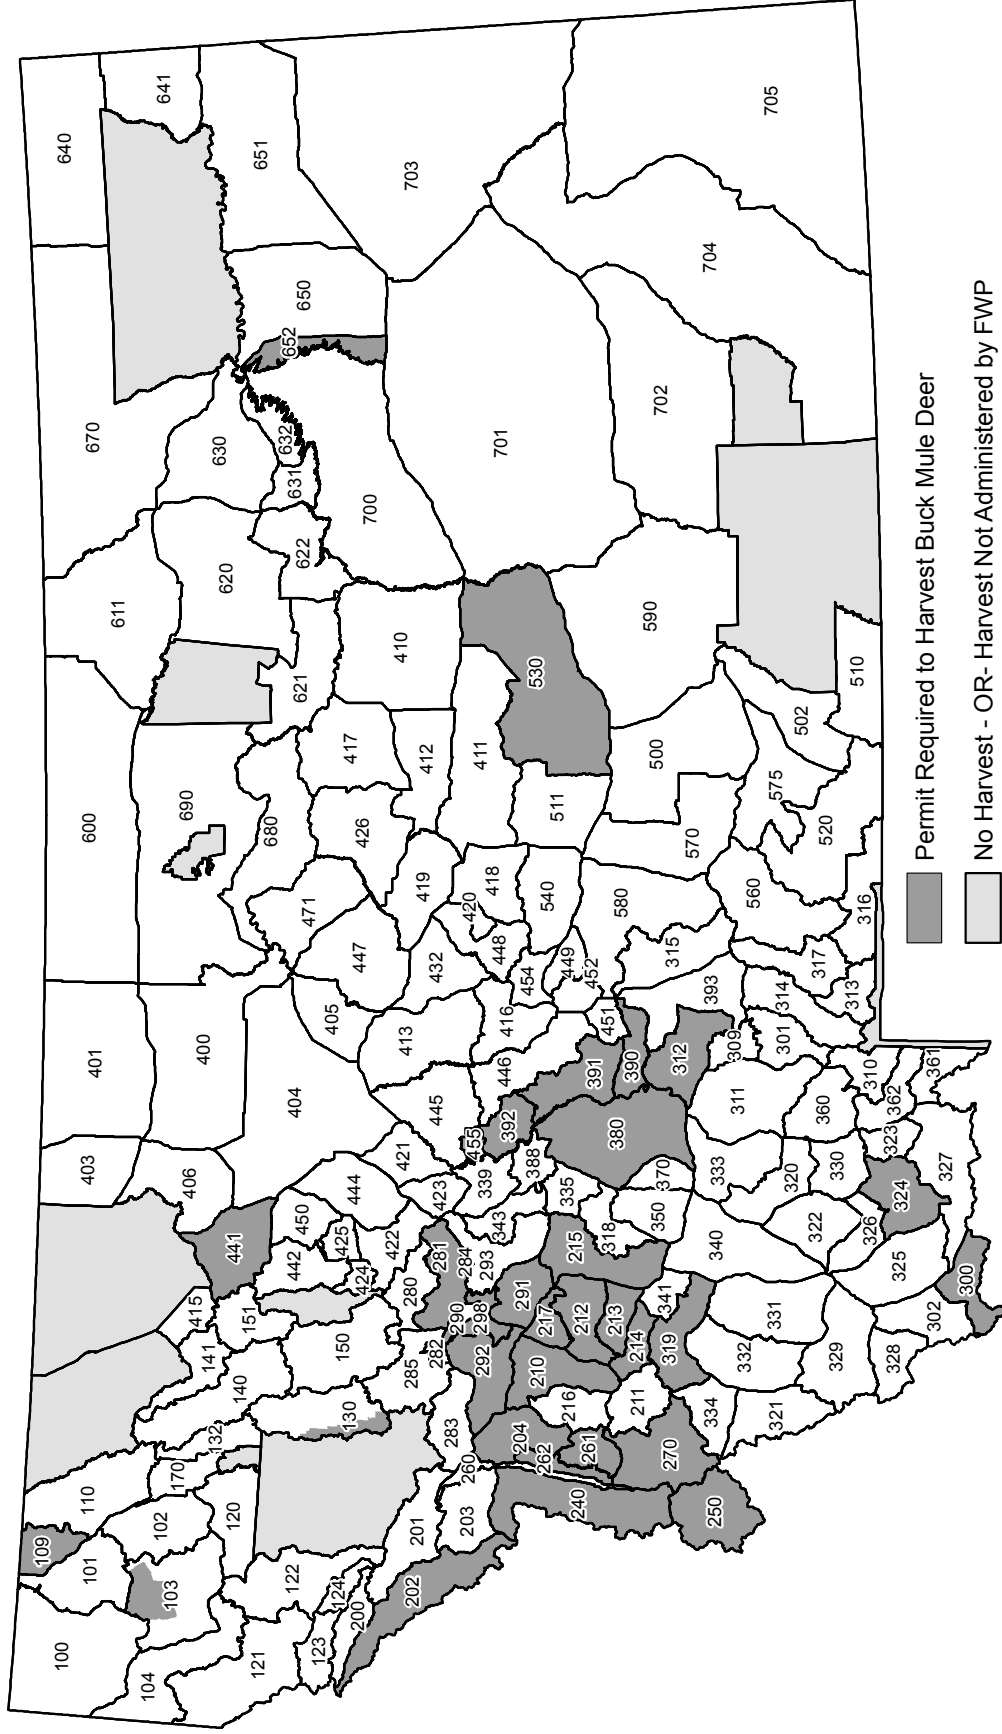

Permit Drawing Choices

If applying for a permit, your first choice is required, second and third choices are optional. Note: If you have only one choice do not repeat the choice as second and third options.

- Your second choice will only be considered if there is quota remaining after all applicants with that district as a first choice have been filled, or the quota is unlimited and allows second choice applicants.
- Your third choice will only be considered if there is a quota remaining or if the quota is unlimited and allows second or third choice applicants.
- Your best chance to use your second or third choice is if you choose a permit where the drawing odds are 100 percent or unlimited and allow second or third choices.
- Nonresidents are limited to up to 10 percent of the permits available in any district. If you apply as a party with nonresidents, you will go through the drawing with the nonresident quota.

Deer Permits. Apply by March 15

- Applicants must possess a 2019 general deer license in order to apply. Hunters who receive a deer permit must use it with a current general deer license. A deer permit does not allow you to take a second deer.
- Hunters with a deer permit valid for taking an Antlered Buck Mule Deer may not hunt Antlered Buck Mule Deer anywhere else in Montana even if the General Season or Archery Only Season is open to mule deer buck hunting with a general deer license. This applies to all deer permit areas, whether Limited or Unlimited, for Antlered Buck Mule Deer.
- No more than 10 percent of a quota may be issued to nonresidents. If residents apply as a party with nonresidents the 10 percent rule will apply to the party.
- Permits are labeled with three digits followed by a dash and then two digits (such as "212-50"). The first three digits may identify the hunting district, and the last two digits are FWP codes for opportunities related to that permit. **For a valid permit code, use all five digits that are listed under the column labeled "Permit".** Hunting districts in which the permit is valid are listed in column three.
- **For hunting district legal descriptions** visit fwp.mt.gov/hunting/regulations. For more information visit FWP's website at fwp.mt.gov or contact the License Bureau at 406-444-2950.

Elk Permits. Apply by March 15

- Applicants must hold a 2019 general elk license in order to apply. Hunters who receive an elk permit must use it with a current general elk license. An elk permit does not allow you to take a second elk.
- Elk permits, allotted by drawings, allow you to hunt in a restricted area or time period or to harvest a bull or antlerless where harvest restrictions exist for hunters who have only a general elk license.
- No more than 10 percent of a quota may be issued to nonresidents. If residents apply as a party with nonresidents the 10 percent rule will apply to the party.
- Permits are labeled with three digits followed by a dash and then two digits (such as "212-00"). The first three digits may identify the hunting district, and the last two digits are FWP codes for opportunities related to that permit. **For a valid permit code, use all five digits that are listed under the column labeled "Permit".** Hunting districts in which the permit is valid are listed in column three.
- For hunting district legal descriptions visit fwp.mt.gov/hunting/regulations. For more information visit FWP's website at fwp.mt.gov or contact the License Bureau at 406-444-2950.

I have read the requirements for Landowner Preference as listed below and hereby declare that I am an eligible landowner.

FOR ALL LANDOWNER PREFERENCE: Landowner preference is applied only to the first choice hunting district. Partnerships may delegate landowner preference to a member of the immediate family (blood-related or marriage-related), a partner or an employee who have state, federal or FICA taxes withheld from their pay. A corporation may delegate landowner preference to one shareholder. Only one person may be delegated landowner preference for each sole proprietorship, partnership or corporation. If the permit or license is valid for a portion of the hunting district only, the landowner must own the required acres within that portion. You **may NOT** apply for landowner preference for Deer or Elk permits if you are applying as a party member. Lessees do not qualify as landowners.

FOR DEER PERMIT: To qualify for landowner preference, you must own at least 160 acres of land in the hunting district for which you are applying. Your property must be primarily used for agriculture. PREREQUISITE: A 2019 GENERAL DEER LICENSE MUST BE PURCHASED PRIOR TO SUBMITTING THIS APPLICATION. **Hunters who draw a special permit to hunt mule deer bucks may not hunt mule deer bucks anywhere else in Montana.**

FOR ELK PERMIT: To qualify for landowner preference, you must own or be contracting to purchase at least 640 acres of contiguous land, used by elk in the hunting district for which you are applying. Unusual or infrequent sighting of a few elk is not sufficient qualification for landowner preference. Contiguous land is land that is not interrupted by adjacent private, state land or public land. PREREQUISITE: A 2019 GENERAL ELK LICENSE MUST BE PURCHASED PRIOR TO SUBMITTING THIS APPLICATION.

Legal Description of qualifying land (Township, Range, and Section) List below or attach legal description of deeded land. APPLICATION WILL BE RETURNED IF THIS INFORMATION IS NOT PROVIDED.
